ABOUT ME

Dedicated 4th-semester BTech Information Technology student at CHARUSAT University, Anand with a solid academic record and passion for software development. Gained proficiency in programming languages such as Python, Java, and C++, along with web technologies (HTML, CSS, JavaScript) and database management through coursework and mini-projects. Actively exploring areas like machine learning. Eager to secure an internship where I can contribute to real-world coding challenges, collaborate with teams, and build practical expertise for future career growth so I can get a career boost.

EDUCATION

2024 - Expected Graduation 2028

Bachelor of Technology

CGPA:7.51/10(up to 3rd Sem)
